

Contracts Management

Date: May 21, 2013
To: Potential Offerors
From: Gary L. Callahan, Senior Contracts Manager
Re: **Addendum # 1 to RFP 13-0637 / East Hawaii Region
Design-Build Turnkey Angiography Suite**

This correspondence serves as Addendum #1 to the subject Request for Proposals (“RFP”).

Your response to this RFP should be governed by the content of the original RFP and the revisions / corrections / additions / clarifications provided in this addendum notice.

Please note that the “Submission Deadline for Questions & Clarification Requests” remains:

3:00 PM, HST, Thursday, June 13, 2013

The Request for Proposal is written in a manner so that the “Contractor” must also act as the General Contractor for the proposed Design-Build Turnkey project. While some manufacturers may be licensed as Hawaii Building Contractors, not all manufacturers of angiography equipment are expected to be so licensed. Therefore, the following modification is being made to the RFP in order to maintain a “level playing field” for all vendors.

The Request for Proposals shall be amended to include the following:

The following paragraph is hereby added to page 6, **Section 2.0 Introduction**:

“Offerors that are not licensed as Hawaii Building Contractors may submit a joint proposal with such a licensed contractor, which would be the “CONTRACTOR” described in the RFP. The Offeror (i.e., the manufacturer/supplier of the imaging equipment) would be responsible for the provision of the Angiography Equipment and planning/design support, drawings, product service and warranty coverage related thereto, and the CONTRACTOR would be responsible for the remaining aspects of the project. Offerors should ensure that the joint proposal adequately addresses all elements of the RFP and that responsibility for each element is clearly delineated in their proposal.”
